### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 102***

2. Claims 1-6 and 20 are rejected under 35 U.S.C. 102(e) as being anticipated by US 6657289 (Gordon et al.).

Gordon teaches an electronic assembly comprising a substrate (carrier substrate) having a plurality of receptor sites (Figure 1 and col. 4, lines 38-41) which can be carved or embossed (col. 16, lines 42-59) (a plurality of patterned pockets). Gordon further teaches that functional blocks (substrates) are deposited into the receptor sites through fluidic self-assembly (FSA) (col. 6, lines 24- 46). The reference still further teaches that the electronic device may have the receptor sites filled with two or more different types of functional blocks (substrates) that can be made out of different materials such Si, GaAs and others (col. 18, lines 19-36). Gordon still further teaches that the substrates are coplanar with the top of the substrate (See Figures 15 and 16). The reference finally teaches that the substrate can be made of different types materials such as made of silicon wafer, gallium arsenide, a ceramic, plastic, glass, silica or any suitable substrate used in the semiconductor or flat panel industry (col. 15, lines 51-54).

#### ***Response to Arguments***

3. The rejections made under 35 USC 112 have been withdrawn in view of applicants amendments to the claims. New rejections to the claims have been made over newly cited art of record.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
